(1) The Govt Misc Fund
(2) The Chattrees Savings Fund.

No. 1, The Govt Misc. Fd is made up of the amounts specified in G.O.
Nos 1103-13/mur 599-18.2 of 28.9.19
and No. 877-8/mur 146-23.2 of 31.1.24
and are drawn from surpluses of the Funds Institutions mentd in the list forming annexure to the G.O. of the 28th Sept. 1919. The Int. earnings of this fund are devoted to the objects specified in paragraph 3 of the same order, an annual budget being framed early in July of each year & sanctd in pursuance of the order of the 3rd Jan. 24. G.O No 469-70/mur. 77-25.2 of 24.10.25 ~~sanctions~~ the budget of this fund for the year 1925-26. It may be mentd here that this fund is entirely in the hands of Govt., ie even if there is a budget provision, Rs contributions from the fund have to be sanctd by Govt on the recommendations of the Murree Comr, except in cases where previous orders of Govt exist for the incurring of Expdr. To

Mirza Mahomed Ismail, Esq.,B.A., C.I.E., O.B.E.,

Dewan of Mysore, Bhadravati (Camp).

Most respected Sir,

The humble memorial of the Muslim residents of the Old Bhadravati Town showeth:-

Owing to the absence of a Musjid in a busy and important place like this with a Mahomedan population of nearly 1000, arrangements were made to construct a Mosque near the Bhadra bridge in the Tarikere Road. The work is now half finished and had to be stopped for want of funds. The present building sustained considerable damages owing to the unprecedented floods of last year. The estimated cost of the Musjid is over Rs. 6000/- and the poor residents of Bhadravati cannot afford to undertake this task.

The proposed Musjid is very centrally situated and is convenient both to the old town and the new town Muslims. As the Mahomedan population has very much increased due to the advent of the works, the construction of a suitable Musjid is a great necessity. It is earnestly requested that you will be pleased to sanction at least half of the estimated cost of the building out of General Muzarai Funds.

For which act of kindness we shall ever pray for your long life and prosperity.

We beg to remain,

Most respected Sir,

"I beg to submit herewith a petition presented by the Muslim - residents of Bhadravati to the Dewan Sahib praying for a State Grant of Rs.3000/- for completing the construction of the new Masjid near the Bhadra Bridge. The Dewan directed the petitioner to submit -- their petition through me.

2. The town of Bhadravati after the starting of the Iron works has attracted large population of all communities and it has ----- extended beyond the bridge for a distance of about one furlong --- towards Shimoga. There is a necessity for another Mosque and the Muslims selected a site and obtained permission of the Government to construct a place of worship for themselves. When the work had for advanced the unprecedented rains of 1924 caused considerable damage to the building and the Muslims now find it difficult to raise further subscriptions from their co-religionists. They have approached the Government for aid and the Dewan Sahib was pleased to promise them to ~~xxxx~~ consider the matter when sent to him through proper channel. Under these circumstances, I recommend that a grant of Rs.2000/- from the General Muzrai Funds may be sanctioned out of the provision in the next official budget."

SIR,

With reference to Revenue Secretary's letter No.1594/Muz.323-25-9 dated 8th June 1926 calling for a report in the matter of giving a small grant for the maintenance of the new mosque at Bhadravati, I have the honor to state that the Deputy Commissioner, Shimoga District, in reporting that the partly constructed mosque had to be dismantled on account of dangerous cracks in the walls due to bad workmanship, has recently sent up an estimate for Rs.3460/-. He is of opinion that the prayer of the Mahomedan population of Bhadravati appears to be more for a building grant than for any permanent cashgrant and that therefore this question may perhaps be taken up, if necessary -- after the completion of the mosque itself.

In this circumstance the question of cash grant may be deferred for the present.

An estimate for construction of the mosque with a request for help from State grant has been received and the matter is under ----- consideration.

Sir,

I have the honour to forward herewith for favour of early scrutiny and submission to Government for favour of sanction an estimate for R .3,460/- prepared by the Executive Engineer, Chitra Division for reconstructing the mosque near the bridge at Bhadravathi and to state as follows:-

The Deputy Commissioner in submitting the above estimate states that the existing partly built mosque has to be dismantled as it has developed dangerous cracks owing to bad workmanship and a new one as per plan and estimate now received is proposed to be built on the same site. For this purpose the devotees have deposited R .1,460/- in Government Savings Bank and pray that the balance of amount may be paid from the State Grant. The devotees have agreed to carry out the work according to the plan and estimate and subject to the technical supervision of the Public Works Department. They have further agreed before the Treasury Assistant Commissioner to put up a tablet binding themselves, not to object to the passing music etc., in front of the mosque and to bury no corpse within the premises.

As they have come forward with the contribution, I request that sanction of Government may be obtained very early the cost being met as follows

R. 1,460/- contribution deposited by the devotees.
R. 2,000/- from the State Grant for 1926-27.

R. 3,460/-

The entire file containing the estimate and plan toget

with a copy of the Shimoga District Deputy Commissioner letter No.Muz.99 of 26-27 dated 31st December 1926 is for obtaining sanction before the close of the official year State Grant Aid is proposed.

Sir,

Referring to para 4 of your letter No.55 Muz.406-26-2 dated 11th July 1927 taking objection to the transfer of Rs.2000/- from the State grant of 1926-27 for reconstructing the masjid near Bhadra ---- bridge, Bhadravati, Shimoga Taluk, I have the honor to state that -- from the Deputy Commissioner's report of the 21st May 1926 copy of which has already been sent to you with this office letter No.C.1353 of 25-26 dated 22nd July 1926, it will be seen that during the visit of the Dewan Sahib to Bhadravati the Mahomedans of the place prayed for a grant of Rs.3000/- from Government for completing the partly built masjid and they were told that the case would be considered if the petition was submitted through the proper channel. The Musalmans purchased a site for Rs.350/- and raised the present half-built mosque, thereon, which they say, cost them Rs.1300/- while the Public Works Department estimate it at Rs.500/-. Now all this building has to be pulled down on account of dangerous cracks in the walls and a new one constructed instead, at a cost of Rs.3460/- as per estimate received from the Public Works Department.

2. The musalmans have already incurred so heavy cost and have further deposited a sum of Rs.1460/- in cash in the Savings Bank for the work. The grant of Rs.2000/- recommended was to cover the balance of the --- estimated cost. Since this amount was available out of the State -- Grant of 26-27 and would have otherwise lapsed, instructions were ---

issued

issued for credit of the same to the mosque funds as Government contribution. The Amildar reports that this has been done.

3. In view of the fact that the devotees have contributed in cash very nearly half the estimated cost, besides meeting the cost of the site and the half built structure which amounts to nearly Rs.1000/- and of the rising importance of Phadravati and of the circumstance that the current year's State Grant will be reduced by Rs.2000/- to the detriment of other ---- institutions if the payment of contribution is postponed to this year, I request that Government will be pleased to reconsider the matter and kindly approve the transfer of the amount already effected.

4. As already intimated in this office memo No.C.1313 of 25-26 dated 20th June 1927, the estimate plan and records have been sent to the Chief Engineer for scrutiny and submission to Government.

5. I request the favour of early orders so that the allotment -- for 1927-28 may be finally fixed.

I have the honor to be,

Sir,

Your most obedient servant,

Mujrai Commissioner.

Copy of letter No. Muz.99 of 26-27 dated, 31st December 1926, from the Deputy Commissioner, Shimoga District, to the Muzrai Commissioner in Mysore, Bangalore.

With reference to your letter No.1353 of 25-26 dated 22nd July 26 regarding the grant of a sum of R..2,000/- for the new Maszid near the Bahadra Bridge at Bhadravati, I have the honour to forward herewith the records ending with the Treasury Assistant Commissioner's letter No.C. 459/24-25 dated the 26th instant and to state that the Executive Engineer, Shimoga Division, has kindly furnished an estimate for R..3,460/- and plan for the said building. From the repo t accompanying the estimate, it will be seen that the precent partly constructed building has to be dismantled on account of dangerous cracks in walls due to bad worksmanship and settlement of foundations. It is proposed to construt on the same site with better foundations. The principal Musalmans have given a statement before the Treasury Assistant Commissioner agreeing to dismantle the present building and to construct a new one according to the plan and estimate furnished by the Executive Engineer. They have also agreed to put up the tablet in the basement wall as directed by Government in their order No.741/Muz.138-25-2 dated 14th December 1925. They have collected by subscription a sum of R..1,460/- and have deposited the same in the Government Savings Bank. The Savings Bank Pass Book is enclosed in the records. They have expressed their inability to collect any more funds and pray that Government may be pleased to sanction a grant of R..2,000/- as already recommended in this office letter No.H.C.432/25-26 dated 21st May 1926, a recommendation may kindly be made to Government for sanctioning the grant prayed for.

As observed by the Treasury Assistant Commissioner, bills may be ordered to be paid in the first instance from the amount deposited provided the tablet is put up as directed by Government and agreed to by the parties. Government grant may be paid on bills after the deposit amount is fully utilized.

The parties have agreed to construct the building themselves but pray for supervision and advice by the Public Works Department.

The Chief Engineer may kindly be addressed in the matter for checking the bills for payment.

The annonymous petition ~~reported~~ referred to in para 6 of the Treasur Commissioner's letter was referred to the District Superintendent Police for enquiry and report. In reply, he has also stated that th is no apprehended breach of peace in respect of putting up the table

In connection with this Masjid you have called for a report on certain points in your memo No.C.1353/25-26 dated 16th July 1926, bu I have not been furnished with the petition presented by the Muhamed Population of Bhadravati. As stated by the Treasury Assistant Commis er their prayer appears to be more for a building grant than for any permanent annual cash grant for the maintenance of the Masjid. This question may be taken up, if necessary, after the building is complete There is no lapsed grant under Muhomedan Muzrai Institutions either i the Shimoga or any other Taluks of this District.

The cost of the present half built mosque is estimated by the Pu Works Department at R. .500/- though the ~~Muhamedans~~ Musalmans say that they have spent R. .1,300/-for the same besides the payment of R. .350/- for the purchase of the site. Any how the present building has to be dismant ~~i~~nd built anew.

SIR,

With reference to your letter No.324 S.323-25-13 dated 19th November 1927 requesting to be informed as to which of the two ----- estimates for reconstructing the ghat near Nauravati Bridge might be sanctioned, I have the honor to state that the Deputy Commissioner Shimoga District who was written to states that the devotees who ---- were consulted in the matter are of opinion that the design proposed by the Architectural Assistant might be adopted provided the ------ dimensions of the Hall and Verandah are increased to 30 X 24 & 33 X 8' respectively as in the alternative estimate for Rs. 400/- but they are not willing to contribute in full the additional cost that would be - required on account of the increased dimensions or otherwise the --- estimate for Rs.3460/- with the Hall might be sanctioned and permission accorded to start the work early.

As a free grant of Rs.3000/- is made by Government, the --- excess amount needed to meet the Architectural Assistant's estimate -- duly revised as above cannot be spared by Government. I request that the estimate for Rs.3460/- might be sanctioned and permission accorded to start the work.

"Adverting to correspondence ending with your letter No.C. 1353/25-26 dated 25th November 1927, re: the construction of a ---- mosque near the Phadra Bridge at Bhadravati, Shimoga Taluk, I have the honor to retransmit herewith the entire file of records ending with Memo No.C.459/24-25 dated 7-2-1928 from the Deputy Assistant Commissioner in charge of the Shimoga Taluk.

The Chief devotees of the institution have made a detailed --- statement before the Amildar on 5-2-1928. They approve of the --- design prepared by the Architectural Assistant but they state that the dimensions of the central hall and the verandah as provided in the estimate are quite inadequate for accommodating the devotees at their namaz. They are agreeable to construct a building in.------ accordance with the new design, provided the hall and the verandah are not of less dimensions than those in the old estimate viz., --- 33' x 24' and 33' x 8' respectively. This would mean an excess in the outlay for which funds are not available. The Government have already made a substantial grant from the State Funds, viz., Rs.2000 and it is a matter for consideration whether an additional grant can be made to the institution. The devotees are not prepared to collect the full additional amount of cost necessitated by revising the --- estimate for constructing a building of the above dimensions as per design of the Architectural Assistant. They state that either an additional contribution may be sanctioned from the State Funds or the work may be allowed to be carried out as per old estimate already --- submitted for sanction. "
